Whistler EXTRAORDINARY BY NATURE

When you arrive in Whistler, the first thing you will notice is that everyone is smiling. It is pretty hard not to.

Mountainous terrain, warm days and cool evenings set the tone for discovery. Gondola sightseeing up mountain peaks and teeing off at champion-designed golf courses. Forest walks through lush greenery and alpine rambles past beautiful wildflowers.

Browsing eclectic boutiques and sauntering through a pedestrian-only Village. Tempting tastebuds with scrumptious dining and treating yourself at a spa. Whistler truly has it all.

Whistler is also home to jagged peaks, glistening lakes, lush coastal forests and a charming village that offers up innumerable activities. In a few hours, you can scratch the surface of Whistler, but to really get to know it, spend a night or two.
